Universe

Author: Heather Couper and David Pelham

Publisher: Century publishing

Edition:

Book Size: 250mm x 225mm

Pages: 0

Volumes:

Condition: Fair

Jacket Condition:

Binding: Hardcover

Description: By A.D. 2000, space probes will have explored all the planets except Pluto. People will have walked on the moon, and perhaps even on Mars. But beyond our local backwater a universe of stark contrast is beckoning. In this unique three dimensional book you can experience some of it firsthand. The Universe takes you from the awesome fury of the big bang to the calm of an endlessly wheeling galaxy. It reveals the intricacies of starbirth and spotlights the traumas of stardeth. It looks to the past and the future of our Universe. And it takes you on a final journey through a black hole-and into another Universe? Pop up Universe book. £3.95 postage and packing.

Stargazers Handbook

Author: Giles Sparrow

Publisher: Quercus books

Edition:

Book Size: 240mm x 170mm

Pages: 0

Volumes:

Condition: As New

Jacket Condition: As New

Binding: Hardcover

Description: The Stargazers handbook. An Atlas of the night sky. The Stargazers handbook painlessly provides the newcomer with all they need to know to unveil the heavens in four simple sections. Part one introduces the night sky and explains the basics of Astronomy, from coordinate systems to naming conventions. In part two, we venture into the solar systems, exploring the moon before moving on to Mercury, Venus and Mars, Jupiter and its moons. Saturn and its rings and beyond. From the craters of the moon to the far reaches of Orion, explore space without leaving the comforts of earth. Illustrated with 400 remarkable astronomical images, and written for the complete beginner, you dont need a degree in astrophysics or even a telescope to get the most from this book, just a pair of binoculars and dark night skies. £2.50 postage and packing.

£ 3.00
